Feature Film COAST Filming in Orcutt with Local Cast

Scene from COAST being shot at Paradise Trading Post and Record Store in Orcutt.

Academy Award nominated actor Bruce Dern set to produce COAST, written and produced by Santa Maria natives, Cindy Kitagawa (writer) and Wendy Guerrero (producer), explores what it is like growing up in a small, diverse farming community where no one tells you how to dream and who you will become is almost impossible to see. COAST is the moment right before womanhood when friends are your life and music is your soul.

COAST tells the story of Abby Avila, a courageous 15 year old girl who is held back by the difficulties of expressing herself. While dealing with the breakdown of her family and the feelings of being stifled by her small community, she meets Dave, the lead singer of a band, whose van breaks down in town. Dave sees her for the creative soul she is, and opens up a whole new world of possibility for her.

When Abby comes to a crossroad of leaving what she has always known behind, she sees her town through new eyes, and learns lessons about friendship, love, change, and what it really means to be home.

COAST is directed by Jessica Hester and

Derek Schweickart. The directing team from New York moved to Santa Maria and spent an entire summer living and learning in the local community, giving them an authentic approach to telling the story. "In COAST, we get to explore not only this young girl's heart but also the many stories of the people in this diverse community that is such a relevant part of our country's history," says Jessica.

Making the project even more special is the involvement of the local community. Jessica and Derek have spent time working with the Righetti High School and Robert Garcia's film class, and and young students from Allan Hancock College for creative sessions on the script. Anaya Navarro has come on as an intern, and has helped in all departments including music, and production assisting. Most notably, they have cast local actress Kaylee Kamiya in the film and have brought on Kaylee's father, Jay Kamiya and Santa Maria native Sierra Santana. Santa Maria resident and industry veteran, Jeff Barnes, has shared his guidance along the way, and more recently his colleagues at the resistance vfx production company have opened up their doors in support to COAST. COAST has also

partnered with other San Luis Obispo Locals, Paul DePelle and Adonis Cruz (Picture Stable Productions), and Johnny Kenny. "We would not be able to make COAST without the energy, enthusiasm the community of the Central COAST has shared. I'm honored to be a part of such a unique yet universal story of community, individuality, and following your dreams. I always dreamed of working in film, but narratives within the media did not reflect my background or experience. Latinas were always portrayed as stereotypes... I never saw myself or the women I know in those flat, one dimensional caricatures. COAST is the film I wish I had growing up." Says Santana.

COAST is Executive Produced by Bruce Dern, Wendy Guerrero, and Sonya Lunsford. Produced by Alex Cirillo, Dani Leonard and Debbie Vandermeulen. While casting is still on-going locally, the film currently stars Fatima Ptacek, Mia Xitlali, Mia Frampton, Kaylee Kamiya, Ciara Bravo, and Kane Ritchotte. "This film needs to happen. Santa Maria is a special place and this unique coming of age story reflects the growing diversity of the population of the United States. It reflects a time in all of our lives when we all fought to find our way and young women are far too often left out of this narrative, with COAST we seek to change that," adds producer Bruce Dern.

COAST is currently looking for more

support from the local community. Working with Women Make Movies a 501 c (3) non-profit organization, COAST is accepting tax-deductible donations that will help off-set California's high production costs. Women Make Movies is a multicultural, multiracial, non-profit media arts organization which facilitates the production, promotion, distribution and exhibition of independent films and videotapes by and about women. Donations accepted here: <http://www.wmm.org>

Cast prepares for shooting a scene for COAST being shot here in Orcutt

[com/filmmakers/sponsored_projects.aspx](http://www.com/filmmakers/sponsored_projects.aspx). The production is also asking for food donations from local businesses as well as housing and vehicles that can be used in the film. For further information please contact: Jessica Hester, jessicahester@gmail.com (914) 606-0900.

Annual Chalk Festival Set for September 29

In 2017, Ever Galvez was the featured artist at the Orcutt Children's Arts Foundation Chalk Festival. He is returning this year. Credit: Orcutt Children's Arts Foundation

The Orcutt Children's Arts Foundation is gearing up for their seventh year hosting the annual Old Town Orcutt Chalk Festival.

Around 1,200 people are expected to enjoy arts and crafts, community booths, food and

entertainment on Sept. 29 from 10 a.m. to 3:30 p.m.

"The Chalk Festival is a family-friendly event, and through art encourages engagement in community activity,"

Executive Director Lee Ann Luongo. "Art gives our community something to share with others; art educates, informs and showcases our communities rich and diverse cultural heritage."

This year's event features the work of Ever Galvez and Santa Maria artist Ruben Espinoza. Galvez has more than 15 years of experience and is trained in painting, drawing, conceptual art, sculpture and traditional animation. He is well-known for his chalk art. Espinoza has created many different pieces of public artwork in the community, including the Old Orcutt Barber Shop mural.

OCAF's mission is to provide all children in the Orcutt Union School District with visual and performing arts experiences through community resources, Luongo said, and this event is a reflection of that.

"The Chalk Festival raises public awareness and promotes the value of art education for students in the Orcutt Union School District," she added.

For more information, contact OCAF at orcuttarts.com.

Trends have been a part of our lives forever. Whether it be clothes, shoes, cars, colors, the list is endless. Take a look at your kitchen cabinets, do they look tired or worn in places? You have two options, refinish the woodwork and bring it back to life or paint any color you want. The hybrid paints that are being used for woodwork have made the job easy. These paints will stick to the stained and lacquer woodwork with proper preparation. Clean woodwork for removal of grease and hand oils, sand and apply the first coat. Caulk and spackle seams/ nail holes before the final coat. With patience, this project can be done by the homeowner. Call us for advice, it's always free.

Eagle Scout Project to Help Good Samaritan Shelter

(Left to Right) Good Sam Volunteer Outreach Coordinator David Bickham and Alex Andrade at the site where the barbecue will be built.

The Good Samaritan Shelter hopes have a new barbeque to feed the needy thanks to an Eagle Scout Project by incoming Righetti freshman and Troop 95 Orcutt Boy Scout, Alex Andrade.

Andrade needs to raise about \$5,000 for the Santa Maria style bbq pit and area. It will help the shelter and other volunteer groups prepare about 3,000 meals each week, mostly with donated food. The gofundme site is <https://www.gofundme.com/alex-andrade039s-eagle-scout-project>

"My family and I have enjoyed barbeque at home and it's always a great family time," Andrade said. "I want to create the same experience for the less fortunate."

Andrade and Good Sam Volunteer Outreach Coordinator David Bickham recently met to discuss the project and decide where it will be placed. Construction will begin as soon as the tax deductible funds are raised.

"The barbeque is going to bring a sense of community and friendship," Bickham said. "We are very excited."

Community Action Commission Kitchen Supervisor Corey Burkhardt says, "It going to be such a treat to provide a Santa Maria style meal to those in need in our community," Burkhardt said.

New Orcutt Area Developments Include Auto Zone and Coastal Star Brewing Co.

A few changes are coming to Orcutt, as two former businesses close and two new ones take their place.

What was formerly the Burrito Loco on Bradley Road will soon be an Auto Zone. The Land Use Permit for the change of use was approved by County of Santa Barbara Planning and Development on June 12th and, after the close of the local appeal period, was issued on June 25th.

According to the permit, "the applicant is proposing a change of use from Mexican food restaurant to auto parts retail store." This will include tenant improvements of the 7205 square foot location at 4869 S. Bradley Rd., Suite 101.

COASTAL STAR
BREWING COMPANY

Just across town at 3388 Orcutt Road, north of Spencer's Market, a Coastal Star Brewing Co. is in the works in the building previously occupied by Dorothy's Furniture. According to Planner Gwen Beyeler, "The project has been approved, however the permit has not been issued due to revisions required by our Building and Safety Division. As soon as the plan check issues are resolved with B&S, we will issue the Land Use Permit."

Orcutt Schools Update

Appreciating a Productive Summer

Dr. Debbie Blow, Superintendent, OUSD

Our schools opened their doors to students on August 19 in the wake of an especially productive summer. Considerable work occurred on and around our campuses these past few months, and readers of the Pioneer will want to know what was completed and what is still under way.

If you have driven by Alice Shaw, you will have noticed construction on the front of the school site. As part of the districtwide improvements funded by Measure G, we are building a new point of entry for the school. Once the project is completed later this fall, all visitors during school hours will need to check in personally with school office staff before being allowed to go on campus. Other projects at Alice Shaw include perimeter fencing and a bus drive off Dahlia Place. Residents need to know that after hours and on weekends, the school site will be re-opened for community use.

"We're very excited about what this will do to make our school safer for students, staff, and others who are on campus during the school day," says Principal Jenée Severance.

"At the same time, we also are excited that the district is making sure that the fencing and other improvements are aesthetically pleasing."

"What is happening at Alice Shaw will be the standard for other schools in the district as Measure G work proceeds," says Walter Con, the district's assistant superintendent for business services. "After Alice Shaw, we will turn to our other K-6 schools. We are assessing needs and working on site safety plans right now."

Also happening this summer were some other projects on and around our school sites.

All district schools benefited from improvements to lighting and 33 heating/ventilation/air conditioning units were replaced thanks to a \$1.2 million Proposition 39 grant the district received from the state. The new light fixtures and HVAC units will make the district much more energy-efficient.

A new curb, gutter, and sidewalk were installed by the County Public Works Department on Dyer Street adjacent to

Orcutt Junior High School. Funded by a Safe Routes to Schools grant, this much-needed project will greatly help with pedestrian safety.

The Golden State Water Company is installing a new water line on Orcutt Road, directly in front of Lakeview Junior High School. Golden State Water is working with the district to make sure before- and after-school traffic is unimpeded as work concludes in the coming weeks.

An old, eroding district building off Dyer Street was demolished in July. The building once housed offices but had been used only for storage for the past 15 years. It had exceeded its useful life and was past the point of rehabilitating.

With all of this work going on, our maintenance staff have had an active summer.

"It's been crazy-busy trying to keep everything in order and staying on top of everything," says Brad Gitchell, the district's director of maintenance, operations, and transportation. "But things have been going well, and I'm thankful for how hard everyone

has been working. It feels like progress was made."

Here's wishing our students, families, and staff a wonderful 2018-2019 school year!

Superintendent Dr. Debbie Blow can be contacted by phone at 938-8900 or by e-mail at dblow@orcutt-schools.net. Follow her on Twitter at @debiblow.

Raise the Woof for Animal Shelter

SBC Animal Care Foundation's upcoming "2nd Annual Raise the Woof" comedy show and dinner will raise funds for animals that come into the three shelters in Santa Barbara County. This event will feature live music by local band, Clark Street Flyers, a three course sit down dinner, 50/50 drawing, raffle, and silent auction. The comedy show consists of two comedians from the Los Angeles area that have been featured on HBO, Comedy Central, and a variety of venues across the country including late night programs such as Jimmy Kimmel.

The main fundraising focus is the Santa

Maria Animal Center because approximately 88% of medical funding goes to that particular center. It helps provide funding for animals that are sick, injured or abandoned and have no one to pay for necessary medical treatment. Without the SBCACF, these animals would most likely be euthanized and it is our mission to save the lives of as many animals as we can.

This event will be held at the Masonic Lodge located on Lakeview Road on Saturday, September 22nd at 5:00 pm. For tickets, visit www.sbcanimalcare.org or call Libby Walling at 805-298-2968.

Cruzin for Life Supports Local Cancer Patients at September Fundraiser

Fasten your seat belts for the 15th Annual Cruzin for Life Car Show and Friday Night Cruise coming up on September 21st and 22nd!

Founded by Clifford Labastida, Cruzin for Life is an all-volunteer organization that supports local cancer patients. Their first event was held in 2004 in the parking lot at St. Joseph High School and they raised \$15,000 to donate to the American Cancer Society. By the following year the event had already outgrown the school parking lot and moved to Old Town Orcutt and they were able to double their donation to \$28,000.

In 2008 Cruzin for Life made another move to its current home at the Santa Maria Fairpark, the best location to accommodate the thousands of spectators they now attract each year.

Determined to keep their support local, donations are made each year to Make-a-Wish

Tri-Counties, various American Cancer Society programs, and Mission Hope Cancer Center in Santa Maria. The funds they've raised have now passed the million dollar mark and last year they made their largest donation yet to Mission Hope with a check for \$150,000.

Cruzin for Life also donated two vehicles to Mission Hope that are used to transport cancer patients to and from treatment. Monetary donations go toward a patient outreach fund that

"covers needs that insurance does not, such as transportation and housing while in treatment, mortgage payments, car payments, utility bills, child care" and more.

Admission to the event is free and includes a Friday Night Cruise down Broadway, starting at the Santa Maria Inn, from 6-8pm. Cancer survivors are welcome to ride along! There will also be a \$10 chicken bbq dinner, outdoor car show and movie, and live music by Burning James and the Funky Flames.

Saturday will be the All Make and Model Car Show with vendors, exhibits, food booths, and live music by Steppin' Out from 8am-2pm and that night, beginning at 4:30, will be the \$50 Santa Maria-style BBQ dinner with no host cocktails, live music, and an auction.

Letter to the Editor

I am one Orcutt resident that is very disappointed with the changes to our neighborhood. I have discussed the changes with many of the other residents living up and down Stubblefield Rd. No one who attended the county meetings was made aware that there would be a change in elevation south of Stubblefield Rd. Our view of the Orcutt hills is totally gone. We now look south at a bank of dirt which completely blocks the view we used to have. I have been watching the work from the trail behind the construction area and noticed that the dirt has been moved around, piled up and moved again, put in a new pile and moved again, and finally some of it was removed altogether. The trees that used to provide occasional shade while on the trail were removed. Many pieces of large earthmoving equipment have been sitting idle for weeks in an area behind one of the large earth hills. It's no wonder the cost of new homes is so high. I'm required to conserve water while they spray water around freely to keep down the dust I feel I am now living in what seems to be a devalued neighborhood so others will have the "Exquisite Views" as advertised. I am also disappointed that you did not get a comment from the ORCUTT TRAILS COMMISSION.

April Hardy, Orcutt
